### Conditions

Because fuel economy improvement is achieved after first-time use of P.i. in a vehicle with accumulated deposits, the P.i. money-back guarantee is limited to vehicles with a minimum of 25,000 miles. Those vehicles must not have been previously treated with P.i. and must not have undergone any fuel system or fuel injector cleaning or replacement procedure. P.i. must be used with a full tank of gas, and that tank must be run until near-empty. Fuel economy will then be measured after the *following* tankful of gas, and if no improvement is realized the money-back guarantee applies. P.i. must be used in accordance with the treat rates listed on the bottle. This offer is limited to one refund per customer and is good through December 31, 2008.

To receive a refund, this form must be completely filled out, signed and mailed with the P.i. purchase receipt to the following address:
